Nina (Riverrun Galatean Full Tilt) qualified at her first two barn hunt trials. At the first trial she identified the correct tube in 29 seconds, out of the allowed 2 minutes. There were 13 novice dogs and only 3 qualified. Nina was High Scoring. In the afternoon trial, she took almost the full two minutes but was one of the 4 qualifiers. One more and she'll have her title, then onward and upward. So proud of this girl! It feels good getting our dogs back to their roots in which they were expected to rid the barn of vermin.
